Hello,

To add our comment on the above noted proposal, we are emphatically in favour of the amendment to allow incorporated companies to receive compensation for the sale of securities, in all provinces.

If you can pls have this comment included in the consultation process for the consequential changes to National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations* and to existing securities legislation in, we'd greatly appreciate it.

Thanks for your time, and have a good day!

Warm Regards, Neil and the FDS Team
