If the Trader is entering orders on multiple exchanges, include all products types.
- Individuals who are applying for both the RR and Trader category should include RR and Trader in their application for registration (NRD will only pull one fee).

5. CHANGES OR SURRENDER OF CATEGORIES

The 33-109F2 *Change or Surrender of Individual Categories* (F2) must be filed as an Application or as a Notice depending on the situation:

5.1 WHEN TO FILE THE 33-109F2 AS AN APPLICATION

- The F2 must be filed as an Application for any changes involving a Registration or Approval Category.
- **Futures Contracts and Futures Contract Options:** The F2 must be filed as an Application for individuals seeking licensing for futures contracts/futures contract options in Ontario and Manitoba as the futures legislation in these provinces does not permit automatic approvals.
- CIRO approval is required before the individual can begin functioning in the new category.

5.2 WHEN TO FILE THE 33-109F2 AS A NOTICE

- Changes of product or customer type are notices as listed below and do not require approval provided the individual is already approved:
 - Securities
 - Options
 - Mutual Funds only
 - Futures Contracts and Futures Contract Options (other than in Ontario and Manitoba)
 - Customer type
- A proficiency update must be submitted to evidence the individual has completed the required courses in periods specified under the IDPC Rules.
- CIRO will dispose of the submission once review is complete.

6. FILING UNDER THE PASSPORT SYSTEM

6.1 WHAT IS A PASSPORT APPLICATION?

An application can be accepted as a Passport submission if it meets all the following criteria:

(1) Involves changes to Registration categories (adding or surrendering)

The Registration categories are defined in NI 31-103, 2.1 and are:

- Dealing Representative
- Ultimate Designated Person (not the level category under the IDPC Rules by the same name)
- Chief Compliance Officer (not the level category under the IDPC Rules by the same name)

(2) If the submission involves surrendering a registration category, the surrender must include the Principal Jurisdiction ("PJ"). Surrenders of categories in the non-Principal Jurisdictions (NPJ) only, where the category will continue in the PJ, are not filed under passport [Ref 4A.9, Companion Policy 11-102].

(3) If the submission is a Notice of Termination, the individual must have been in a registration category (see (1)).

(4) A submission involving change to Approval categories under the IDPC Rules or Business or Product types if the submission also requests a change to the Registration category.

(5) If the submission is a Registration in an Additional Jurisdiction or Registration with an Additional Sponsoring Firm, the individual must be seeking registration (and not seeking an approval category under the IDPC Rules). See (1) above.

6.2 WHAT IS NOT A PASSPORT APPLICATION?

The submission cannot be accepted as a Passport submission if:

(1) Involves only a change (add or surrender) of a Permitted Individual category [ref 4A.1 of CP 11-102]

The Permitted Individual categories are defined as:

- Officer
- Director
- Partner
- Shareholder
- Other Permitted Individual [as defined in NI 33-109 section 1.1(c)]

(2) A submission involving only a change to customer or product types.
